

TECHNICAL SHEET

MgAl6Zn

STELLA
WELDING ALLOYS

Product name

MgAl6Zn

Class of product

Mg-alloy rod for TIG welding of magnesium.

Corresponding standards

AWS A5.19 AZ61A

Composition (weight %)

Al:	6
Zn:	1
Mg:	Bal

Range of application:

TIG rod for welding of magnesium alloys.

Recommendation:

Applicable inert gas: Argon / Helium

Characteristics Make-up:

Rods
